- Fertility: Bulls will be semen tested and soundness inspected prior to the Sale.
- Health: All bulls have been treated with :
2 x 5in1, 2 x Vibriovax and 2 x Pestigard.

TB & CAB – All bulls are TB and CAB confirmed free.

Truro is in the North West LHPA and is in a Protected Area for Johnes Disease.

BBQ lunch available, with all proceeds going to the Bellata Public School P&C.

A very big thank you to Suncorp Bank for their sponsorship of the BBQ with the costs of the meat.

Welcome to our 8th Sale!

Welcome to our 8th On-Property sale. On offer will be 50 dehorned Hereford and Poll Hereford bulls.

All bulls for this year's sale are semen tested, evaluated for soundness & vaccinated twice with Pestigard, 5in1 & Vibriosis.

We are very commercially focussed at Truro, running approximately 250 stud cows at "Truro" and approximately 250 commercial cows at "The Glen" and strongly believe that cattle must perform in all conditions and without constant supervision. All bulls and females retained for breeding purposes are born unassisted and all heifers that are 300kg or greater on September 1st are joined to calve as two year olds.

The bulls show the breeding programme we have been working towards for the last 29 years. They are easy doing, big, strong and robust, display good muscle expression, with balanced EBVs, have good skin and hair, and most importantly have great temperaments. Sires represented include : Yarram Unique F181 (H), H Victor 0136 (P), Talbalba Zinnia (H), Truro Gittoe (H), Truro Genghis Khan (H), Days Blackberry (P) and HH Advance 7034T.

We are thrilled to have acquired three great new sires into the Truro herd in the last twelve months. The \$40,000 sire, Merawah Highlight E62, from Steve Wile, Hunter Lakes Poll Hereford Stud, and can't wait to see his calves this year. We are also thrilled to now own Yarram Unique F181 who we have been using through AI and can now join naturally. What a bull to have at "Truro"! Also our new resident heifer bull is Dalkeith Joey, a purpose bull purchased for the top price out of Dalkeith in 2015. We eagerly await the arrival of a lot of little Charlies.

All bulls are offered with full Breedplan figures. The Breedplan figures reflect the do-ability and performance that the Truro cattle are renowned for amongst their commercial bull buyers. When averaged, this draft of bulls are above breed average for milk, EMA, IMF and 600 Day growth. We are working hard to increase EMA and IMF and breed modern high calibre cattle.

We are striving to breed commercially orientated cattle using the best genetics from throughout the world. Although selection of the correct cattle is vital we believe that the integrity of a person, and their business, is the key to their success and longevity.

We thank you for your interest in our cattle and look forward to seeing you on July 25th at "Truro".

3% REBATE to outside agents introducing buyers in writing 24 hours prior to the commencement of sale and attending the sale with their client.

DISCLAIMER

The owners, employees, sale staff and representatives accept no liability for accidents that occur. Although these are rare at cattle sales, any person attending does so at their own risk. While all care has been taken in the preparation of the contents of this catalogue, Truro Herefords principals accept no responsibility for any errors or omissions contained in this publication. Prospective buyers should satisfy themselves by inspection or otherwise as to the accuracy of the particulars.

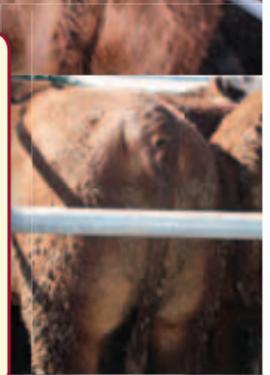

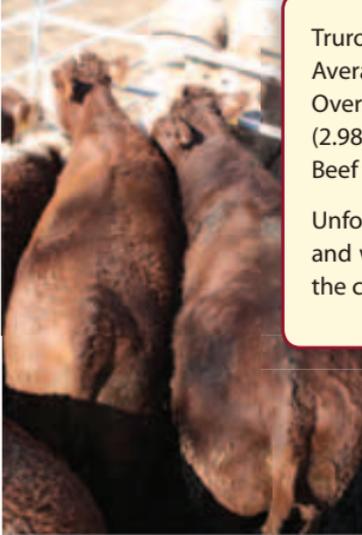

Commercial weaners from long standing clients G & J Moore, Manilla, regularly top the weaner market at the major Gunnedah sales.

Truro won the Champion Pen for Average Daily Weight Gain and Overall Individual Weight Gain (2.98kg/day) at the 2015 RAS Beef Challenge Feedlot Trial.

Unfortunately they went too well and went over the top weight in the competition!

Can't believe we have this bull as a resident sire at Truro. Undoubtedly, one of the best breeding bulls in the country. Great carcase and do ability in these cattle. Low birth, high growth, high IMF and positive in their calving ease data. Exceptional skin and hair and temperament with beautiful structure.

Breedplan

At Truro we use and believe in Breedplan and utilise this tool as a useful guide to assist in the management and selection of cattle for your breeding programme. Breedplan is a performance evaluation programme that compares bulls "on a level playing field" for a number of commercially important traits. The profile is given as an Estimated Breeding Value (EBV) and is expressed as a figure (+/-) relative to the breed benchmark of zero for each trait.

The EBVs in this catalogue are Hereford and Poll Hereford Group Breedplan EBVs and can be directly compared to Hereford and Poll Hereford Group Breedplan EBVs from other herds. It must be noted that these figures are not relevant to other breeds.

EBVs are calculated from the available performance information on the animal, its parents, progeny and its close relatives within the breed. The information is adjusted for age, dam age and for differences between herds, years, season of calving, management effects and heritability of the trait.

The breed averages for 2014 Born Calves are:

Calving Ease DIR%	Calving Ease DTRS%	Gest Length (days)	Birth Wt (kg)	200 Day Wt (kg)	400 Day Wt (kg)	600 Day Wt (kg)	Mat Cow Wt (kg)	Milk (kg)	Scrotal Size (cm)	Carcass Wt (kg)	Eye Muscle Area cm ²	Rib Fat (mm)	Rump Fat (mm)	Retail Beef Yield %	IMF %
0.0	+1.2	- 0.2	+ 4.3	+ 29	+ 48	+ 68	+ 64	+ 13	+ 1.7	+ 43	+ 2.8	+ 0.4	+ 0.4	+ 0.8	+ 0.2

Index Value averages for 2014 Born Animals:

Supermarket	Grass Fed Steer	Grain Fed Steer	EU Index
\$75	\$70	\$78	\$84

All cattle have been weighed, scanned and assessed in accordance with Hereford Group Breedplan. Every stud calf born is physically weighed and birthweight recorded.

It must be noted that we cannot guarantee the accuracy or heritability of the figures and that they are only an Estimated Breeding Value not a Guaranteed Breeding Value. Remember your eyes are still your best tool !

The Group Breedplan EBVs contained in this sale catalogue were compiled by the Agricultural Business Research Institute (ABRI) from data supplied by the breeders. Neither Herefords Australia Limited nor the ABRI oversee or audit the collection of this data.

For detailed explanations of each EBV please view: www.breedplan.une.edu.au/index.php

Outcross genetics here. We have collected semen and retain semen rights for in herd use only. King Brown optimises what we are trying to breed at Truro. Wonderful phenotype, thick, stout, still growthy enough and great set of numbers. His mum is a beauty who always comes up with the goods. If we didn't need the money we'd keep him.

Outcross genetics again. First Victor 0136 to sell in Australia. As a breed we are chasing carcass, well here it is ! This fellow is long and structurally sound. He is a H# meaning horned with poll genetics. This bull will take you many places. Combining the best of both worlds. What a bull !

MULTIMIN[®]
Injection for Cattle

OPEN THE WINDOW OF PRODUCTIVITY FOR YOUR BULLS

Multimin can help increase bull sperm concentration and motility*.

This means more bulls passing the Breeding Evaluation Exam.

Group	Total sperm count (x10 ⁶ /ml per ejaculate)
Control	~700
Multimin*	~1000

What is Multimin?
 Multimin contains selenium, copper, zinc and manganese in a convenient, water-based injection. As an injection, Multimin avoids the absorption and antagonism issues of oral trace mineral supplements, increasing trace mineral status of bulls quickly when they need it most.

*Thank you for attending our
8th On-Property sale!*

We trust the Truro bulls will perform well in your breeding programmes.

If you have any problems, please contact us as we like to be the first to know, as we may be able to help you.

We would like to invite you to join us for refreshments after the sale.

*Truro Lone Pine -
exciting young sire for Truro*

Meet Dave. He's a good person to know for insurance.

At WFI, our people find it easier to understand your business issues because they're locals. That's just one reason why WFI is a leading Australian rural and business insurance company. So, for personal service that comes to you, contact Dave Wheaton.

Dave Wheaton - WFI Moree
11-15 Greenbah Road
Phone 1300 934 934 | Mobile 0428 917 330
wfi.com.au

Good people to know.

To see if our products are right for you, always consider the PDS from the product issuer, WFI (ABN 24 000 036 279 AFSL 241461). Dave Wheaton (AR 362597) is an authorised representative of WFI.

*We use, and recommend, WFI for property and stock insurance.
Dave Wheaton, from WFI in Moree, will be in attendance at the sale for all your
insurance requirements and we thank him for all his support with our sale.*
