# SALE INFORMATION

LOCATION: 3281 Berrigal Creek Road, Bellata NSW 2397  
T 0427 937 839 (Scott) or 0428 937 839 (Pip)

This year we will be reverting back to a live auction, with Paul Dooley overseeing proceedings. Elders will be settling the sale and North West Stock and Property agency in Moree being joint agent in the sale. The sale will be interfaced with AuctionsPlus. Sale day will be Monday 28th August 2023, commences at 10am for inspection and lunch, followed by the auction sale and online bidding commencing at 1pm. Bulls are catalogued in age order.

All bulls will be semen and morphology tested, 7in1, Pestigard, Vibriovax and 3 Day sickness vaccinated. They have also been DNA, sire verified and genetically tested. All bulls have full, up to date Breedplan figures.

**TEAM TRURO**

*Welcome!*

***Welcome to our 15th, Spring Sale, where we look forward to introducing you to the most up to date, modern, fresh genetics, to hit the market in 2023.***

*We will be offering 40 bulls, in arguably the best set of bulls we've ever offered, so consistent, both in type and data. Paul Dooley, stated after inspection, that they were the best and most consistent group of bulls he has ever seen at Truro. We've been targeting sires with that bit of extra punch and going after them. The progeny of Yalgoo Peacemaker (PP) are extraordinary, the right type with data that puts them at the very top end of the breed in almost every trait. The carcass in Yalgoo Peacemaker bulls is exceptional. There will be 22 sons in this sale.*

Hylands Fortunate (H) will be represented by six sons, they are exciting, different, and special. He is a complete outcross in our herd and has brought some different and so important traits into line in our horn herd. Traits such as calving ease, lower birthweight, and higher milk, and is also +1.6 for IMF, making him a trait leader in the horn side of the breed. There are also some extraordinary sons of Yarram Lottery M089 [H], EDR Mojo, [H] and Days Blackberry [PP].

We would love you to see the bulls prior to sale, if possible, and invite your visit anytime. We believe there are a number of bulls that could perform stud duties. It's definitely the most powerful, both phenotypically and genetically, set of bulls we have ever put forward! Would love to see you on 28th of August 2023, or before.

All the best in Herefords

*Cheers*

Scotty,  
Pip and the girls

# Sires OF SALE LOTS

## Yalgoo Peacemaker P034 (PP)

### SUPER SIRE !

A good bull breeds consistently. A great bull will breed consistently above himself !

Yalgoo Peacemaker is a great bull, breeding consistent, complete carcass cattle with exceptional EBVs and data, that back up what you see in the paddock. Not often you get a bull like this, and never before have we used a bull whose data has stayed true to form, in fact has improved as we've gone along and collected more data. His progeny are simply outstanding and visually match the data. There are a number of bulls, in this sale that have stud sire potential, in particular, lot 2, Truro Sherlock, the Sydney Royal Champion. *Semen available*

## Hylands Fortunate Q265 (H)

### Outcross genetics

So, so happy with this fellow and his progeny. Real outcross genetics that have excelled in our programme. The data on Hylands Fortunate, particularly around calving ease, milk, fats and IMF are at the top of the breed, and certainly more so in the Horn side of the breed. Hylands Fortunate brings so many good things to the table !! There are a number of calves in this sale that could potentially make stud sires.

15th Annual SPRING BULL SALE 2023

# Sires OF SALE LOTS

## Yarram Park Lottery M089 (H)

Selected for his exceptional phenotype and impressive data, in particular, growth and carcass. They are big, bold bulls with a tonne of guts to them .

Progeny of M089 have sold exceptionally well at Yarram Park, with a number of them standing at stud.

## Days Blackberry G82 (PP)

We've used Days Blackberry for a number of years now. Blackberry is without doubt one of the most maternal bulls we've ever used. Progeny out of these cows are always very, very good e.g. Truro Sherlock!! Blackberry females are moderately frame, high milk, efficient females, that breed.

We think an awful lot of this calf. Great type with exceptional calving ease and exceptional gestation length. T091 could be used on heifers or cows.
